Apple University Consortium

Apple University Consortium Honours Scholarships

RESEARCH AREA: Open

ELIGIBILITY

Undergraduate: Yes

Predoctoral: No

Postdoctoral: No

SUBMISSION MONTH: Aug

WEBSITE: <http://www.auc.edu.au/Honours+Scholarships>

DESCRIPTION

The AUC Honours Scholarships is available to domestic full- and part-time students of AUC member universities who are in their honours year. Applications are accepted from students enrolled in a broad range of disciplines, including the Sciences, Information Technology, Humanities, Engineering, Arts, Health and Business. Applicants must be undertaking a full-year research project that in some way depends on or uses uniquely Apple technologies. For example, a project that implements a solution using Apple's Xgrid technology would likely be considered a suitable application for a scholarship. Incidental use of a Macintosh does not, in and of itself, qualify. For example, research conducted using a general cross-platform application (such as MATLAB, Office, or SPSS) that was coincidentally conducted on the Macintosh would not attract support.

SUBMISSION MONTH:

WEBSITE: <http://www.researchnet-recherchenet.ca/rnr16/viewOpportunityDetails.do?prog=335&view=search&org=CIHR&audience=3&type=AND&resultCount=25>

DESCRIPTION

Through this trainee travel award the IA seeks to encourage networking and exchange of ideas among emerging scholars working within our priority research areas. In particular, we would like to encourage interdisciplinary dialogue and cross-disciplinary exposure of research on aging and seniors' issues. This might be accomplished through the participation of trainees in aging at academic meetings of related disciplines, or participation of currently unaffiliated researchers in conferences and symposia on aging. To meet these ends, IA is launching a competition to provide travel funds for Masters and Doctoral students, and Post-doctoral Fellows to present their work at a conference, workshop or symposia.

Experimental Psychology Society

Undergraduate Research Bursaries

RESEARCH AREA: Experimental

ELIGIBILITY

Undergraduate: Yes

Predoctoral: No

Postdoctoral: No

SUBMISSION MONTH: Mar

WEBSITE: <http://rdfunding.org.uk/queries/ListGrantDetails.asp?GrantID=7855>

DESCRIPTION

This scheme will finance a limited number of bursaries (5) to support undergraduates in the summer vacation immediately prior to their final year. Members may not apply for the scheme if they currently hold an EPS Small Grant, or if they received a Small Grant in the immediately preceding year. Awards will be made to members of the Society and will provide up to 10 weeks' support (£200 per week) for their nominated undergraduate. It is intended that the bursaries be targeted at undergraduates who are considering a research career in experimental psychology (as defined by the content of the Society's journals). The bursary will be administered, and the research project carried out, at the applicant's institution, although this need not be the institution at which the student is currently registered for a degree. The purpose of these bursaries is to allow the student to learn at first hand about experimental procedures and analyses employed in the host laboratory. Awards will not be granted for work that is a central part of an already-funded project.

American Association for the Advancement of Science

Mass Media Fellowship

RESEARCH AREA:

ELIGIBILITY

Undergraduate: Yes

Predoctoral: No

Postdoctoral: No

SUBMISSION MONTH:

WEBSITE: <http://www.aaas.org/programs/education/MassMedia/program.shtml>

DESCRIPTION

The AAAS Mass Media Science & Engineering Fellows work for 10 weeks during the summer as reporters, researchers, and production assistants in mass media organizations nationwide. Fellows collaborate with media professionals at radio and television stations, newspapers, and magazines. As part of their job, the student-scientists and their host-journalists strive to make science news easy for the public to understand. The fellowship program is designed to enhance coverage of science-related issues in the media in order to improve public understanding and appreciation of science and technology. Fellows have the opportunity to observe and participate in the process by which events and ideas become news, improve their communication skills by learning to describe complex technical subjects in a manner understandable to the lay public, and increase their understanding of editorial decision making and the way in which information is effectively disseminated. The program has supported nearly 500 Fellows.

Postdoctoral: No

SUBMISSION MONTH: Feb

WEBSITE: <http://www.beineckescholarship.org/>

DESCRIPTION

The program seeks to encourage and enable highly motivated students to pursue opportunities available to them and to be courageous in the selection of a graduated course of study. Since 1975 the program has selected more than 370 college juniors from 97 different schools for support during graduate study at any accredited university. Each scholar receives \$2,000 immediately prior to entering graduate school and an additional \$30,000 while attending graduate school. There are no geographic restrictions on the use of the scholarship, and recipients are allowed to supplement the award with other scholarships, assistantships and research grants. Scholars are encouraged to begin graduated study as soon as possible following graduation from college, and must utilize all of the funding within five years of completion of undergraduate studies.

ELIGIBILITY

Undergraduate: No

Predoctoral: Yes

Postdoctoral: No

SUBMISSION MONTH: Apr

WEBSITE: <http://www.apa.org/divisions/div35/Awards/awards.html#geis>

DESCRIPTION

The annual Geis Memorial Scholarship Award for Dissertation Research offers \$15,000 for the 2010-2011 academic year to fund dissertation research in the Psychology of Women by an advanced doctoral candidate. Eligible research will: be feminist, address a feminist/womanist issue, use social psychology research methods, and make a significant contribution to social psychology theory and research. Dr. Florence L. (Lindy) Geis was a social psychologist with a strong commitment to research on the Psychology of Women and to the mentoring of women graduate students. In her will, she left an endowment to fund doctoral students conducting dissertation research in feminist psychology. Proposals will be judged on suitability, feasibility, and merit of research. Funding need not be used solely to fund the research project.

Grants-in-Aid Program

RESEARCH AREA: Open / Social Issues

ELIGIBILITY

Undergraduate: No

Predoctoral: Yes

Postdoctoral: Yes

SUBMISSION MONTH:

WEBSITE: <http://www.spssi.org/awards.html>

DESCRIPTION

The SPSSI Committee on Grants-in-Aid (GIA) wishes to support scientific research in social problem areas related to the basic interests and goals of SPSSI and particularly those that are not likely to receive support from traditional sources. The Committee especially encourages proposals involving (a) unique and timely research opportunities, (b) underrepresented institutions, graduate students, and junior scholars, (c) volunteer research teams, and (d) actual, not pilot, projects. Funds are not normally provided for travel to conventions, travel or living expenses while conducting research, stipends of principal investigators, costs associated with manuscript preparation, or the indirect costs of institutions.
